

# Members Story - Andrekos Varnava

## Q & A with Andrekos Varnava

**Were you previously a member of a car club (or perhaps even an old member of this club)?**

I have never been a member of a car club before.

**The classic cars you own or have owned?**

Daimler Sovereign Series 1.

**Perhaps a funny motoring experience?**

N/A

**Your fondest memories owning a classic car?**

When driving the car, I had some man pull up beside me and give me a thumbs up.

**Make, model, details and photos of the car?**

I am waiting for the car to be repaired by Classic & Sportscar Boutique. Here are some old photos of it, but I changed the licence plate.

**How you became interested in classic cars?**

I have been interested in the classic Jaguar cars since I learnt to drive. It was the only car that I felt anything for. Specifically, I like the 420. As these are rare to find in good condition, I opted to buy the Daimler Sovereign Series 1.

Cheers,

Professor Andrekos Varnava
