

# Arcadia & Jim Komaromi - 2007 V6 'S' Type

## Arcadia & Jim's 2007 'S' Type V6

The car was bought in 2013 from Brighton Jaguar, Melbourne. I flew down, inspected the vehicle and had it shipped to Adelaide. It had 74,000 km on the clock.

The beginning of 2013 Arcadia bought Jim some golf lessons to see if he wanted to take up golf now that he had retired but the answer was NO.

The next option was something we had never done before, to join a car club. To our delight and enjoyment, we have never looked back since.

To be truthfully honest Jim wanted to try out the car performance and he was suitably impressed. It is a pleasure to both drive and to seat in.

We have had many enjoyable trips around Australia including National Rallies in Victoria and Tasmania plus numerous trips around South Australia.

We have also made new friends in which one of who has a great love for Churros and dipping chocolate.

From Arcadia and Jim, what a wonderful 11 years we have had, and hope to have many more.

**Arcadia & Jim**

*Editor: Thank you, Arcadia & Jim.  
Lovely car and great story.*
