

Cameron & Olivia Wilkinson - 1975 XJ6 Series 2

The Jaguar Drivers Club of SA is the first car club Olivia and I have joined, and we look forward to meeting the members.

We recently received a 1975 XJ6 Series 2 from my grandparents, Brian and Judy Forbes, who originally purchased it in 1989. My family are all located

on the Central Coast, NSW, where we recently couriered the car to our home in Adelaide.

My fondest memories with the XJ6 range from being a child getting picked up from school, to driving my Granny to my GrandDa's funeral in tears, however laughing together on a 40deg

day with no working airconditioning.

I have no idea how, but look forward to learning and getting some advice to help restore the car to its original condition.

Cameron & Olivia
